

FEEDBACK

11th ANNUAL MEETING OF THE RBM CASE MANAGEMENT WORKING GROUP 28 – 30 June in Kigali, Rwanda

THANK YOU

We are looking back at a successful 11th annual meeting of the Case Management Working Group. We would like to thank everyone who participated in the evaluation of the event.

GENERAL

The participants represented a number of countries and organizations (94 participants, 30 countries). The meeting took place in-person, social interaction was highly appreciated after the two plus years of the pandemic. The highlight of the meeting was the field trip on the 2nd day to Murere district. The participants had the chance to appreciate the work of the community health workers. Overall, the feedback for the meeting was “very good” and “good”.

PRESENTATIONS AND DISCUSSIONS

The quality of the presentations and discussions was greatly valued. In particular, the representation (NMCPs) from many African malaria affected countries was highlighted several times as an ideal way to learn from each other experiences. Also the updates on WHO guidelines and other partners’ presentations was treasured.

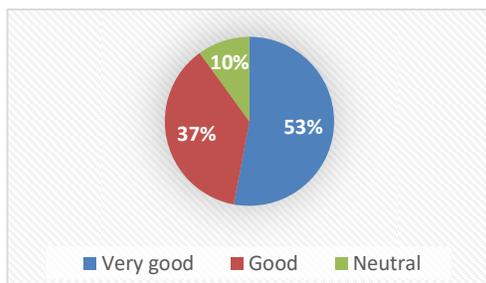

Table 1 Evaluation of presentations and discussions

What participants liked about the event

“Good presentation with field visit to Murere district to appreciate the work of CHW physically”

“Great material presented and nice NMCP engagement. The field trip was wonderful!”

“The fact that almost all the countries where engaged in discussions to gather country’s perspective”

What can be improved

“No time for just a place visit for refreshment i.e. to the National Park or Rwanda genocide memorial.”

“If we are all going to come together in person, let’s have some more dynamic presentations, debate, discussion.”

KEY TAKE HOME MESSAGES

The content of the meeting was rated as timely and competently conveyed.

ADDITIONAL COMMENTS

The CMWG team continuously works towards an equal participation of experts from the global south and north from different disciplines and organizations within case management and an equality between women and men.

Thank you all very much for the valuable feedback, that helps us to improve in organizing and planning the Case Management Working Group annual meeting!
