

**Ninth Meeting Of The RBM Malaria In Pregnancy Working Group (MIP)
and First Joint Meeting of
The Malaria In Pregnancy Eastern And Southern Africa Coalition (MIPESA)
and Réseau D'Afrique De L'Ouest Contre Le Paludisme Pendant La Grossesse
(RAOPAG)**

12 - 16 November 2007, Lusaka, Zambia.

PROVISIONAL AGENDA

Objectives of the Meeting:

- To review the status of MIP implementation and identify bottle necks and necessary actions towards the scale-up of interventions to achieve RBM goals.
- To provide updates on relevant technical issues, research and tools in development.
- To provide an orientation on indicators for monitoring and evaluation of MIP interventions and undertake a field visit to health facilities to observe the collection, analysis and utilization of MIP data in Lusaka, Zambia.
- To discuss how the MIP Coalitions (MIPESA and RAOPAG) can interact effectively with the RBM sub-regional networks (SRNs - EARN, CARN, SARN, WARN) and the WHO/AFRO Malaria and Reproductive Health inter-country support teams (ICST) to scale-up malaria in pregnancy interventions in countries.
