

Diagnosis Work Stream Work Plan

RBM Case Management Working Group
Annual Meeting
Annecy
March 5-7, 2013

Provider Non-adherence

- Document best practices for changing provider behavior
- Develop sample modules for pre-service training

Demand Creation

- Synthesize and disseminate effective messages for changing consumer and provider behavior in both public and private sectors

Private Sector

- Develop a clearinghouse for documentation of private sector experiences
- Workshop to share experiences with pilots for scaling-up after >1 year of implementation

Integration

- Bring together various initiatives for diagnostics quality assurance to coordinate activities and share best practices

New approaches

- Synthesize and disseminate evidence from research and pilots of IST in pregnant women and school children
