

ANNUAL MEETING ON THE EVALUATION AND PLANNING OF MALARIA CONTROL ACTIVITIES IN CENTRAL AFRICA

29, 30, 31 July 2013 in DOUALA/CAMEROON

RECOMMENDATIONS TO COUNTRIES

1. To NMCPs and partners to finalize their roadmaps by 15th August 2013 and prepare for the 2014 roadmap.
2. To NMCPs to continue to improve on data collection including financial data and to work with partners to ensure good management of programs and appear in the World Malaria Report published each year by WHO.
3. To Angola, Equatorial Guinea and Sao Tome and Principe to send documentation on the withdrawal of monotherapies to the WHO office.
4. To Cameroon, Congo, Equatorial Guinea and Chad to ensure the successful implementation of the Malaria Program Review and eventually elaborate a Strategic Plan by consensus.
5. To NMCPs and Reproductive Health programs to work in close collaboration to improve coverage in IPT.
6. To Cameroon, Congo and Chad to develop good quality macro and microplans and budgets as well as communication plans for the successful implementation of the LLIN distribution campaign.
7. To Angola and Gabon to finalize the process of validation of their Strategic Plan
8. To NMCPs and partners to ensure the scaling up of community based malaria management and iCCM.
9. To NMCPs and EPI to put in place technical committees to support the decision to introduce the antimalarial vaccine with the help of partners like MVI-PATH.
10. Include a budget line to support ACT and insecticide resistance studies in grants.

RECOMMENDATION TO CARN :

Accompany countries to succeed in the implementation of recommendations.
